

REMARKS

In an Office Action dated December 10, 2004, the Examiner rejected the claims in view of Stevens, Reid and Rudell. The Applicant filed an Amendment on January 24, 2005 amending the claims to recite an audible indicator. The Applicant also provided arguments distinguishing this limitation from the references cited by the Examiner. In the Office Action dated January 13, 2005, the Examiner merely states that the Applicant's arguments are not persuasive. The Applicant maintains its position that Rudell, Stevens and Reid do not disclose an audible indicator to provide an indication of motor characteristics as recited in the claims. The Applicant requests that the Examiner point to the specific passages or drawings in the cited references that disclose this limitation for the record. The Applicant maintains that the amended claims are allowable over the cited art. Allowance of claims 1, 3-9, 11-17 and 19-21 at an early date is solicited.

Respectfully submitted,
